The user can access the available options in the side menu.

FR 8.002
When the user clicks on the **"Activate BlockDAG X1"** button, the **"Home"** text will change to **"BDAG Balance"**. This shows the BDAG coins they've earned on the platform.

FR 8.003
The BDAG icon will be GIF only.

FR 8.004
Users can switch between the servers available on the BlockDAG network.

FR 8.005
To start generating BDAG coins, the user needs to click the **"Activate BlockDAG X1"** button and generating timer will start.

FR 8.006
This is the home button. When clicked, it brings the user back to the Generate BDAG screen.

FR 8.007
The group button, when clicked, lets the user share the referral link.

FR 8.008
The "Leaderboard" button takes the user to the section where they can view the top 50 BlockDAG X1 miners. You can filter the last week, month and year.

◇ BlockDAG

Group Screen

FR 8.007a
The user can locate their referral code to share it with others.

FR 8.007b
The boosting amount shows how many BDAG coins the user has generated per hour up to now.

FR 8.007c
Users can see information about how their mining rate increases as they invite more users. They can monitor the number of users who have used their referral code below.

FR 8.007d
The user can locate their referral code to share it with others.
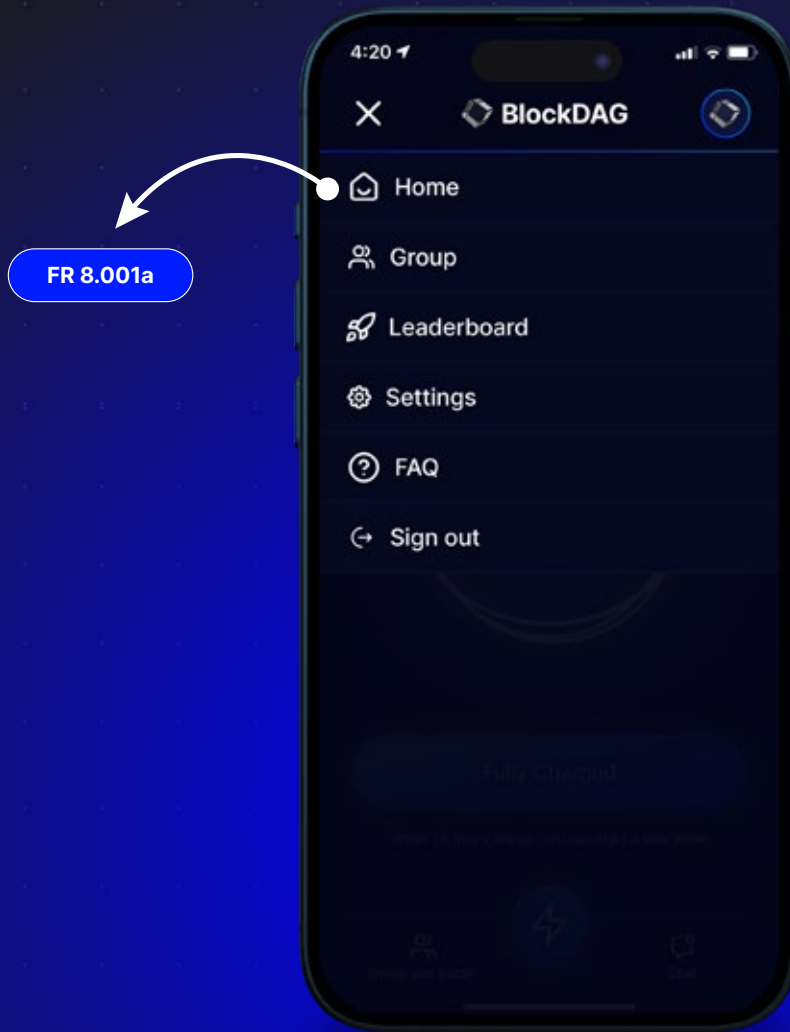

FR 8.007e
This displays whether the user has joined the platform. If they have joined, the status will be **"Active"** , if they have not joined yet, the status will show as **"Pending".**

FR 8.007f
To share the referral link with other users, simply click on the **"Share Referral Link"** button.

BlockDAG Support
To report an issue, reach out at
support@blockdag.network

FR 9.002a

User when clicks on cross will take the user to the settings screen.

FR 9.002b

This pop-up shows the email address where users can send their questions if they have any problems with the application.

BlockDAG

Account Setting

FR 9.001a

FR 9.001a
Users can edit their full name in this field, which accepts alphabetic characters only. The full name must be between 2 and 20 characters long.

FR 9.001b
Users can edit their username, which must be between 2 to 20 characters long and can only contain alphabets and hyphens (-).

FR 9.001c
This field displays the user's phone number, which cannot be edited. It is the registered phone number of the user. This field will be in disabled form.

FR 9.001d
This field displays the referral code that the user used to join the platform. This field will be in disabled form.
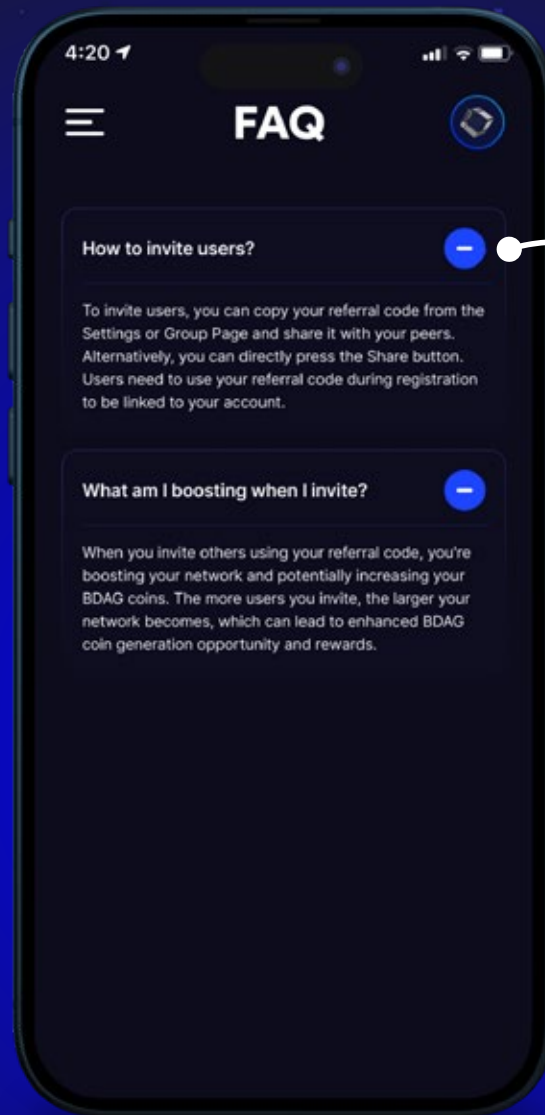

FR 9.001e
Clicking the **"Update"** button allows the user to update their account by saving the changes.

FR 9.001f
When the user clicks on the **"Delete Account"** button, their account will be scheduled for permanent deletion after 30 days. If the user logs in again during this period, the account will be reactivated. If not, it will be permanently deleted.

BlockDAG

FAQs Screen

FAQ

How to invite users?

To invite users, you can copy your referral code from the Settings or Group Page and share it with your peers. Alternatively, you can directly press the Share button. Users need to use your referral code during registration to be linked to your account.

What am I boosting when I invite?

When you invite others using your referral code, you're boosting your network and potentially increasing your BDAG coins. The more users you invite, the larger your network becomes, which can lead to enhanced BDAG coin generation opportunity and rewards.

FR 10.001

FR 10.001

The plus icon lets the user expand the FAQ tile, and clicking on the minus icon will return the tile to its original state.

BlockDAG

Leaderboard Screen

FR 11.001

FR 11.002

FR 11.003

FR 11.004

FR 11.001

Users can switch between tabs labeled Week, Month, and Year. Depending on the selected filter, the data displayed will vary:
selecting Week shows the top 50 users of the current week,
Month shows the top 50 users of the previous month, and
Year shows the top 50 users of the entire year.

FR 11.002

The range section shows the date range based on the tab selected by the user.

FR 11.003

The user can see the names of the top 50 users listed in the selected tab.

FR 11.003

This shows the amount of BDAG coins generated by the user, determining their rank on the leaderboard.
